REGISTER PAGE:

The screenshot displays a web browser window with a single tab titled "Registration". The address bar shows the file path: `file:///C:/Users/ELCOT/Documents/IBM%20TASK/Final%20Deliverables/Sprint%25201/templates/register.html`. The main content area features a "REGISTER" form with the following fields: "Name:", "Email ID:", "Password:", and "Mobile Number:". Below these fields are two buttons: "SEEKER" and "RECRUITER". At the bottom of the form are "Submit" and "BACK TO HOME" buttons. To the right of the form is a mobile app interface with a green header. The app text reads: "Hi! I'm a virtual assistant. How can I help you today?". Below this is a chat log with a green bubble saying "Hi" and two grey bubbles with examples: "Example: Check account balance" and "Example: See how I can help". At the bottom of the app is a text input field with the placeholder "Type something..." and a send button. The footer of the app says "Built with IBM Watson®". The Windows taskbar at the bottom shows the search bar, task view button, and several application icons. The system clock indicates 11:09 on 18-11-2022.
