DOCKER CLI INSTALLATION

Date	25 OCT 2022
Team ID	PNT2022TMID32139
Project Name	SKILL/JOB RECOMMENDER APPLICATION

Step1:

Go the official Docker website: **https://docs.docker.com/desktop/install/windows-install/**

Step2:

Click that button(Docker Desktop for Windows)and download will start and it takes few minutes to complete.
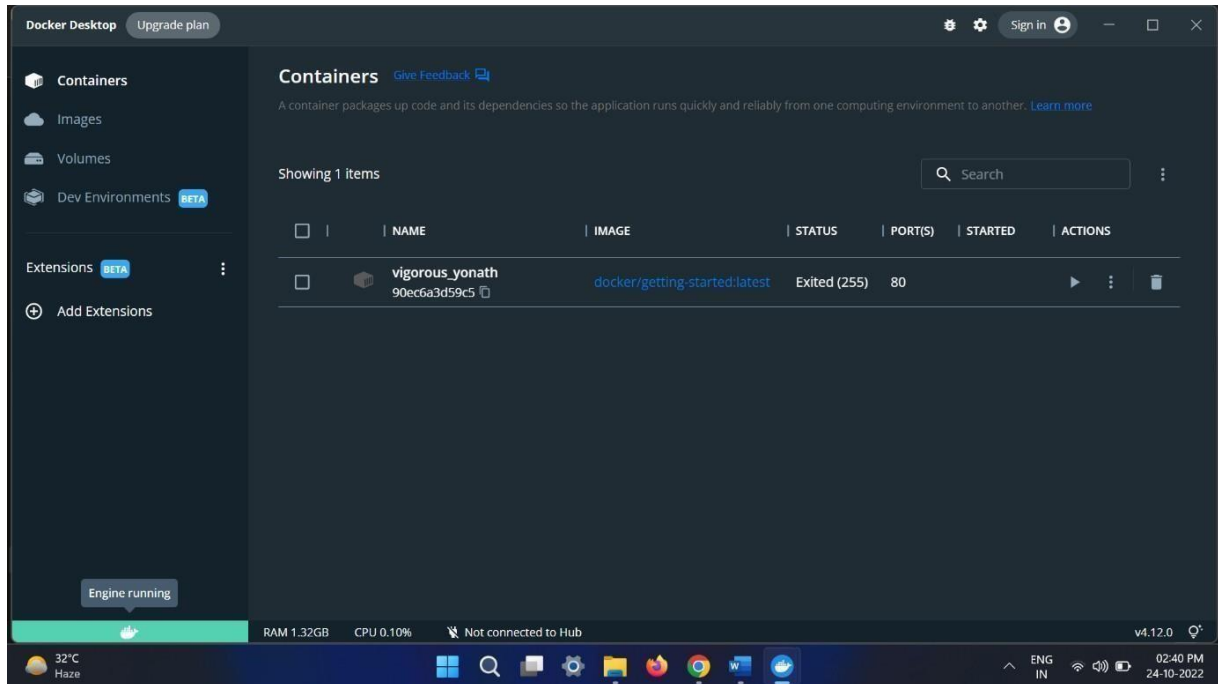

Step3:

Go to download sin browser (or) type **ctrl +J**, it will navigate to download page and double click the particular docker file.

Step4:

Now Installation is complete. This icon was added in your desktop .Double click the icon to start the docker app, you can register and login that app to access those credentials.

Step5:

Docker will start correctly, the left bottom side was showing green color, docker will show the status of docker app working successfully.

Step6:

Finally, the docker is installed successfully.
